## CONDITIONS OF SALES

### REGISTRATION

The training contract is considered concluded as soon as the CIVB Wine School receives a filled-in registration form accompanied by full payment for the training course.

Registration is valid for one year starting from the day the money is paid. After this date, the sessions will be considered to have been taken by the participant. Each participant must be more than 18 years old to register.

### PAYMENT

By cheque, Eurochèque, debit card (Visa, Eurocard/Mastercard) or Paypal on [www.bordeaux.com](http://www.bordeaux.com). For people living outside France, the cheque should be made out in euros and able to be cleared in France

### CANCELLATION

• The CIVB wine school reserves the right to cancel any session if there are an insufficient number of registrations. In such instances, registration can either be postponed or the entire fee refunded.

• Should a participant cancel no later than 15 days before the beginning of the session, the entire amount he has paid will be refunded.

However, if the cancellation is received thereafter, the total amount will be retained by the CIVB Wine School and cannot be applied to the cost of a later session.

• If only part of the session is attended, this does not entitle the participant to a refund of any kind.

• Making up for a missed session (uniquely night-time ones) can only be done during the same calendar year (or within the following 12 months) according to the number of places available and subject to acceptance by the CIVB Wine School.

### CONTINUING EDUCATION

Courses offered by the CIVB Wine School have been officially approved for funding in the form of subsidies from consenting French organizations. If applicable, please ask the CIVB Wine School to prepare a training period agreement. Proof that sessions have been attended is confirmed in a certificate (the CIVB Wine School is officially recognised as a training institute with the reference number 72330136033).

### BREATHALYSER

During your training, you will be consuming Bordeaux wine. The CIVB believes it is important to inform trainees of the risks involved for people under medication, driving motor vehicles or operating machines, as well as what French law has to say about drinking and driving. At the end of each session, the CIVB will distribute breathalyser tests to everyone who wishes to use one.
